WHO WE ARE

WHAT WE DO

Dundee and Angus WRASAC are a specialist agency providing free and confidential support services to survivors who have been raped, sexually abused, or sexually exploited at any time in their life.

Over the last 40 years we have grown our service from a small team, working voluntarily in Dundee to a locally and nationally funded service.

Our team consists of:

- Women's Support Service
- Initial Referral team
- National Advocacy Service
- Dundee & Angus Young Survivors (DAYS)
- Sexual Violence Prevention Service
- Vice Versa (Women involved in Commercial Sexual Exploitation)
- Gender Based Violence Learning and Development team

WHAT IS FUNDRAISING?

For organisations like WRASAC, fundraising helps provide the financial support needed to deliver specialist services for survivors of rape, sexual abuse, and sexual violence.

Every pound raised contributes to creating safe spaces, providing specialist support, and ensuring survivors can access the help they need when they need it.

By fundraising, you are doing more than raising money. You are helping to create a community that believes survivors, supports recovery and works towards ending sexual violence.
